A. Management Information

1. Fund Name HSBC GCC Equity Income Fund

2. Fund Manager

Name HSBC Saudi Arabia
Address 7267 Olaya, AlMurooj
Riyadh 12283-2255
Kingdom of Saudi Arabia
Phone: 920022688
Fax: +966112992385
Website: www.hsbcSaudi.com

3. Fund Sub-Manager (if any)

Name None
Address

4. Advisor (if any)

Name None
Address

B. Detailed Fundamental, Material, Notifiable, or Significant Changes Made on the Fund's Terms and Conditions During the Period

- Resignation of His Excellency Governor/ Ihsan Abbas Hamzah Bafakih from the fund board

The changes to the funds' prospectus as follows:

Paragraph	Previous Fund Board	New Fund Board
Members of the Fund Board	<ol style="list-style-type: none">1. Daniel Lima (Chairman)2. Haitham Alrashed (Dependent Member)3. Ihsan Bafakih (Dependent Member)4. Ali Alothaim (Dependent Member)5. Tariq Altuwaijri (Dependent Member)	<ol style="list-style-type: none">1. Daniel Lima (Chairman)2. Haitham Alrashed (Dependent Member)3. Ali Alothaim (Dependent Member)4. Tariq Altuwaijri (Dependent Member)

C. Investment Activities of the Period

During the year, the fund allocated more assets in Kuwait mainly due to Kuwait Stock Exchange joining Emerging Market indexes. The Kuwait Stock Exchange is expected to recover in view of foreign investments expected to flow into the Kuwaiti Stock Exchange following its announcement of joining.

In addition, the Fund reduced its exposure to the Saudi Stock Exchange in order to take profits against the backdrop of robust performance since the beginning of the year. Saudi Stock Exchange Equity Index increased by around 10.99% during the 1st half of the year.

D. Commentary on Investment Fund's Performance During the Period

During the 1st half of 2019, S&P GCC Composite Shariah Dividend 15% Capped. Index increased by approximately 10.87%. The 1st half of 2019 was volatile for Saudi Stock Exchange, which peaked at 9,361.96 and then closed at 8,821.76 by the end of the 1st half of the year. However, Kuwaiti Stock Exchange positively contributed to the Fund's performance in general.

During the year, the Fund focused primarily on investing in equities with, and/or expected to have, high cash dividends. The Fund announced paying dividends during the 1st half of the year by the end of March 2019, with the dividends paid amounting to SAR 0.30 per unit.

By the end of the 1st half of the year, the Fund's performance increased by approximately 10.19%, declining against the benchmark by 0.68%.

E. Valuation or Pricing Errors during the Year

None.

F. Any Additional Information that Might Enable Unit Holders to Make Informed Decisions that are Based on Sufficient Information about the Fund During the Year

There is no additional information to be disclosed; however, investors need to read and understand the Fund's Terms and Conditions and all related documents and/or obtain advice from their own legal, regulatory, tax, and/or investment advisors.

G. Distribution of Management Fees (only if the fund is substantially investing in other funds)

Not Applicable.

H. Special Commission Received by Fund Manager (if any, including what they are and the manner in which they were utilized)

The Fund Manager receives reports published by HSBC SA Brokerage which are accessible to all HSBC SA Brokerage clients. In addition, HSBC SA Brokerage facilitates meetings between the Fund Manager and listed companies in the Saudi market upon request.

Independent auditors' review report on the interim condensed financial statements

To the unitholders of HSBC GCC Equity Income Fund

Introduction

We have reviewed the accompanying interim condensed financial statements of **HSBC GCC Equity Income Fund** ("the Fund"), managed by HSBC Saudi Arabia ("the Fund Manager"), which comprises:

- the interim condensed statement of financial position as at 30 June 2019;
- the interim condensed statement of comprehensive income for the six months period ended 30 June 2019;
- the interim condensed statement of changes in net assets (equity) attributable to the unitholders for the six months period ended 30 June 2019;
- the interim condensed statement of cash flows for the six months period ended 30 June 2019; and
- the notes to the interim condensed financial statements.

The Fund Manager is responsible for the preparation and presentation of these interim condensed financial statements in accordance with the International Accounting Standard 34 *Interim Financial Reporting* ("IAS 34") as endorsed in the Kingdom of Saudi Arabia and to comply with the applicable provisions of the Investment Funds Regulations issued by the Capital Market Authority, the Fund's Terms and Conditions and the Information Memorandum. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity* that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2019 interim condensed financial statements of **HSBC GCC Equity Income Fund** are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

HSBC GCC EQUITY INCOME FUND
(An open-ended mutual fund)
Notes to the interim condensed financial statements (Unaudited)
For the six-months period ended 30 June 2019
(Amounts in Saudi Arabian Riyal)

1 GENERAL

HSBC GCC Equity Income Fund (“the Fund”) is an investment fund established through an agreement between HSBC Saudi Arabia (“the Fund Manager”) and investors (“the Unitholders”).

The Fund seeks to achieve long-term capital appreciation and income by investing in Shariah-compliant equities listed on the GCC stock markets that offer sustainable dividend yields and / or the potential for dividend growth over the long term. The fund invests in accordance with Shariah screening criteria, approved by the Shariah supervisory committee.

The Fund is managed by the Fund Manager who also acts as the administrator of the Fund. Albilad Capital is the custodian of the Fund. All income is reinvested in the Fund and is reflected in the unit price.

2 REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations (“the Regulations”) published by the Capital Market Authority (“the CMA”) on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) detailing requirements for all investment funds operating within the Kingdom of Saudi Arabia. The Regulations were further amended on 16 Sha’aban 1437H (corresponding to 23 May 2016) (“the Amended Regulations”). The Fund Manager believes that the Amended Regulations was effective from 6 Safar 1438H (corresponding to 6 November 2016).

The Fund Manager made certain revisions to the terms and conditions of the Fund. The main change in the terms and conditions relate to the change in the custodianship. The Fund updated its terms and conditions which were approved by the CMA on 20 Muharram 1440H (corresponding to 30 September 2018).

3 SUBSCRIPTION / REDEMPTION (DEALING DAY AND VALUATION DAY)

The Fund is open for subscriptions / redemptions of units on each business day (a “Dealing Day”). The value of the Fund’s portfolio is determined on each business day (a “Valuation Day”). The net asset value (equity) of the Fund for the purpose of purchase or sale of units is determined by dividing the net assets value (fair value of fund assets minus fund liabilities) by the total number of outstanding fund units on the relevant Valuation Day.

4 BASIS OF PREPARATION

These interim condensed financial statements have been prepared in accordance with the International Accounting Standard 34 *Interim Financial Reporting* (“IAS 34”) as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Certified Public Accountants (“SOCPA”) and to comply with the applicable provisions of the Investment Fund Regulations issued by the Capital Market Authority, the Fund’s Terms and Conditions and the Information Memorandum.

The interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Fund’s annual financial statements as at 31 December 2018.

HSBC GCC EQUITY INCOME FUND
(An open-ended mutual fund)
Notes to the interim condensed financial statements (Unaudited)
For the six-months period ended 30 June 2019
(Amounts in Saudi Arabian Riyal)

5 FUNCTIONAL AND PRESENTATION CURRENCY

These interim condensed financial statements are presented in Saudi Arabian Riyal (“SR”), which is the Fund’s functional currency.

6 BASIS OF MEASUREMENT

These interim condensed financial statements have been prepared on a historical cost basis, (except for investments at fair value through profit or loss (“FVTPL”) which are stated at their fair value) using the accrual basis of accounting.

The Fund Manager has made an assessment of the Fund’s ability to continue as a going concern and is satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, the Fund Manager is not aware of any material uncertainties that may cast significant doubt upon the Fund’s ability to continue as a going concern. Therefore, the interim condensed financial statements continue to be prepared on the going concern basis.

The financial statement accounts in the interim condensed statement of financial position have been presented in the order of liquidity.

7 USE OF CRITICAL JUDGMENTS AND ESTIMATES

The preparation of these interim condensed financial statements in conformity with IFRS requires the use of certain critical accounting judgements, estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires management to exercise its judgment in the process of applying the Fund’s accounting policies. Such judgements, estimates and assumptions are continually evaluated and are based on historical experience and other factors, including obtaining professional advices and expectations of future events that are believed to be reasonable under the circumstances.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

8 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies, estimates and assumptions used in the preparation of these interim condensed financial statements are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2018.

HSBC GCC EQUITY INCOME FUND
(An open-ended mutual fund)
Notes to the interim condensed financial statements (Unaudited)
For the six-months period ended 30 June 2019
(Amounts in Saudi Arabian Riyal)

9 IMPACT OF CHANGE IN ACCOUNTING POLICIES DUE TO ADOPTION OF NEW STANDARD

Effective 1 January 2019, the Fund has adopted IFRS 16 - Leases. The new standard eliminates the current dual accounting model for lessees under IAS 17, which distinguishes between on-balance sheet finance leases and off-balance sheet operating leases. Instead, IFRS 16 proposes on-balance sheet accounting model. The impact upon adoption of IFRS 16 was not material to the Fund's interim condensed financial statements.

10 CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise of cash with banks who have investment grade credit ratings, as rated by the international rating agencies.

11 INVESTMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS

Investments at FVTPL comprise the following sector exposures of investments held in Kingdom of Saudi Arabia as at reporting date:

	<u>30 June 2019 (Unaudited)</u>		<u>31 December 2018 (Audited)</u>	
	<i>Cost</i> SR	<i>Fair value</i> SR	<i>Cost</i> SR	<i>Fair value</i> SR

Shariah purification payable	5,432	11,203
	481,047	6,140,891

14 TRANSACTIONS WITH RELATED PARTIES

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. In considering each possible related party relationship, attention is directed to the substance of the relationship, not merely the legal form.

Related party of the Fund comprises of HSBC Saudi Arabia (being the Fund Manager, the Fund Board, and the administrator of the Fund).

In the ordinary course of its activities, the Fund transacts business with related parties. Related party transactions are governed by limits set by the regulations issued by CMA. All the related party transactions are undertaken at mutually agreed prices and approved by the Fund Manager. These transactions are carried out on the basis of approved Terms and Conditions of the Fund.

The Fund Manager charges to the Fund on each Valuation Day, management fee at a rate of 2.30% of Net assets value (2018: 2.30% of Net assets value). All Fees and expenses related to the management of the Fund including but not limited to custody, administration, audit, regulatory and index fees, etc, are included in the management fee.

Subscription fee up to 2% is not considered in these interim condensed financial statements of the Fund, as investment in the Fund are always net of subscription fees. The Fund does not charge any redemption fees on redemption of units.

During the period, the Fund entered into the following transactions with related parties in the ordinary course of business.

Related party	Nature of transactions	Amount of transaction for the six-months period ended		Closing balance	
		<u>30 June 2019</u>	<u>30 June 2018</u>	<u>30 June 2019</u>	<u>31 December 2018 (Audited)</u>
HSBC Saudi Arabia (Fund Manager)	Fund management fee	1,077,441	1,085,899	175,065	235,436

For the six-months period ended 30 June 2019
(Amounts in Saudi Arabian Riyal)

15 FAIR VALUES OF FINANCIAL INSTRUMENTS

The Fund measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Fund. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. Changes in assumptions about these factors could affect the fair value of financial instruments.

Valuation models

The fair values of financial instruments that are traded in active markets are based on prices obtained directly from an exchange on which the instruments are traded or obtained from a broker that provides an unadjusted quoted price from an active market for identical instruments. For all other financial instruments, the Fund determines fair values using other valuation techniques.

For financial instruments that trade infrequently and have little price transparency, fair value is less objective and requires varying degrees of judgment depending on liquidity, uncertainty of market factors, pricing assumptions and other risks affecting the specific instrument.

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements.

Level 1: Inputs that are quoted market prices (unadjusted) in active markets for identical instruments.

Level 2: Inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices). This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques in which all significant inputs are directly or indirectly observable from market data.

Level 3: Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments but for which significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

Fair value hierarchy – Financial instruments

The table below analyses financial instruments at the reporting date by the level in the fair value hierarchy into which the fair value measurement is categorized. The amounts are based on the values recognised in the interim condensed statement of financial position. All fair value measurements below are recurring.

HSBC GCC EQUITY INCOME FUND
(An open-ended mutual fund)
Notes to the interim condensed financial statements (Unaudited)
For the six-months period ended 30 June 2019
(Amounts in Saudi Arabian Riyal)

15 FAIR VALUES OF FINANCIAL INSTRUMENTS (CONTINUED)

Fair value hierarchy – Financial instruments (continued)

The table below presents the financial instruments measured at their fair values as of reporting date based on the fair value hierarchy:

		30 June 2019 (Unaudited)				
		Carrying value	Level 1	Level 2	Level 3	Total
Investments at FVTPL		119,222,887	119,222,887	--	--	119,222,887
Total		119,222,887	119,222,887	--	--	119,222,887
		31 December 2018 (Audited)				
		Carrying value	Level 1	Level 2	Level 3	Total
Investments at FVTPL		117,267,966	117,267,966	--	--	117,267,966
Total		117,267,966	117,267,966	--	--	117,267,966

During the period, no transfer in fair value hierarchy has taken place for the investments at fair value through profit or loss.

Other financial instruments such as cash in bank, receivables, and accrued expenses are short-term financial assets and financial liabilities respectively, whose carrying amounts approximate fair value, being short-term in nature and the high credit quality of counterparties.

16 FINANCIAL RISK MANAGEMENT

The Fund has exposure to the following risks from financial instruments:

- credit risk;
- liquidity risk; and
- market risks

This note presents information about the Fund's objectives, policies and processes for measuring and managing risk, and the Fund's management of capital.

Risk management framework

The Fund maintains positions in non-derivative financial instruments in accordance with its investment management strategy. The Fund seek long-term capital growth through diversified exposure to GCC, Arab markets and other Gulf countries' equities and financial products. The Fund's investment portfolio comprises of listed equities in GCC markets.

The Fund Manager has been given discretionary authority to manage the assets in line with the Fund's investment objectives. Compliance with the target asset allocations and the composition of the portfolio are monitored by the Fund Board. In instances where the portfolio has diverged from target asset allocations, the Fund Manager is obliged to take actions to rebalance the portfolio in line with the established targets, within prescribed time limits.

16 FINANCIAL RISK MANAGEMENT (CONTINUED)

Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund, resulting in a financial loss to the Fund.

The Fund is exposed to credit risk on its bank balance. For risk management reporting purposes, the Fund considers and aggregates all elements of credit risk exposure such as individual obligor default risk, country risk and sector risk.

The Fund's policy over credit risk is to minimize its exposure to counterparties with perceived higher risk of default by dealing only with counterparties that meet the certain credit standards.

Credit risk is monitored on a regular basis by the Fund Manager to ensure it is in line with the investment guidelines of the Fund Board.

The Fund's activities may give rise to settlement risk. 'Settlement risk' is the risk of loss due to the failure of an entity to honor its obligations to deliver cash, securities or other assets as contractually agreed.

For all of transactions, the Fund mitigates this risk by conducting settlements through a regulated broker to ensure that a trade is settled only when both parties have fulfilled their contractual settlement obligations.

The table below shows the maximum exposure to credit risk for the component of the statement of financial position:

	<i>30 June</i>	<i>31</i>
	<i>2019</i>	<i>December</i>
	<i>(Unaudited)</i>	<i>(Audited)</i>
Cash and cash equivalents	5,730,859	1,347,075
Receivables and advances	58,240	5,791,050
<i>Total exposure to credit risk</i>	<u>5,789,099</u>	<u>7,138,125</u>

The Fund does not have a formal internal grading mechanism. Credit risk is managed and controlled by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties. Credit risks are generally managed on the basis of external credit ratings of the counterparties.

Analysis of credit quality

The Fund's cash and cash equivalents is held with Bank Albilad, which is rated A2 (31 December 2018: A2) based on Moody's ratings.

Allowance for expected credit losses

Financial instruments such as cash and cash equivalents and receivables are of short term in nature and have limited credit exposure. Therefore, no allowance for expected credit losses is provided in these interim condensed financial statements.

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in releasing funds to meet commitments associated with financial liabilities.

The Fund's Terms and Conditions provide for the subscriptions and redemptions of units throughout the week and it is, therefore, exposed to the liquidity risk of meeting unitholders redemptions. However the fund is allowed to borrow in order to satisfy redemptions. The Fund's securities are considered to be readily realizable as they are all listed on GCC markets. The Fund Manager monitors the liquidity requirements on a regular basis and seeks to ensure that sufficient funds are available to meet any commitments as they arise.

16 FINANCIAL RISK MANAGEMENT (CONTINUED)

Market risk

Market Risk is the risk that changes in market prices – such as foreign exchange rates and equity prices – will affect the Fund’s income or the fair value of its holdings in financial instruments.

The Fund’s strategy for the management of market risk is driven by the Fund’s investment objective as per the Fund’s Terms and Conditions. The Fund’s market risk is managed on a timely basis by the investment manager in accordance with the policies and procedures in place. The Fund’s market positions are monitored on a timely basis by the Fund Manager.

Equity price risk

Equity price risk is the risk that the value of financial instruments will fluctuate because of changes in market prices.

The Fund’s investments are susceptible to market price risk arising from uncertainties about future prices. The Fund Manager manages this risk through diversification of its investment portfolio in terms of industry concentration.

Sensitivity analysis

The table below sets out the effect on net assets attributable to unitholders of a reasonably possible weakening / strengthening in the individual equity market prices of 5% at reporting date. The estimates are made on an individual investment basis. The analysis assumes that all other variables, in particular interest and foreign currency rates, remain constant.

	30 June 2019		31 December 2018	
	(Unaudited)		(Audited)	
<i>Net gain / (loss) on investments held at FVTPL</i>	+ 10%	11,922,289	+ 10%	11,726,797
	- 10%	(11,922,289)	- 10%	(11,726,797)

Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to a change in foreign exchange rates.

The Fund invests in financial instruments and enters into transactions that are denominated in currencies other than its functional currency, primarily in Saudi Arabian Riyals (SAR), United Arab Emirates Dirham (AED) and Kuwaiti Dinar (KWD). Consequently, the Fund is exposed to risk that the exchange rate of its currency relative to other foreign currencies may change in a manner that has an adverse effect on the fair value or future cash flows of the Fund’s financial assets or financial liabilities denominated in currencies other than US Dollars.

The Fund’s currency risk is managed on a timely basis by the Fund Manager in accordance with the policies and procedures in place. The Fund’s currency positions and exposures are monitored on a daily basis by the Fund Manager.

17 LAST VALUATION DAY
